- Letter to DHW Administration

The letter to DHW administration was removed from the consent agenda to allow for discussion.

The board discussed the letter to David Taylor at the Department of Health & Welfare agreeing to certain conditions which future SFTI conferences must meet to ensure that ICTF does not exceed the state’s conference spending maximums particularly when it comes to food. The letter contains a variety of other agreements.

M/S/C Ms. Stanley / Ms. Pena
Proposal to change annual grant cycle to coincide with fiscal year from Nov-Nov, and instead start in May.
The board discussed changing ICTF’s annual grants cycle to align with the state of Idaho’s fiscal year so that the bulk of spending happens within a fiscal year so that it is “administratively cleaner”. The board discussed the implications of such a change to the grantees and the shift in the timeline for the board’s review of the applications, and adopted the following timeline for the next cycle.

**Proposed New Timeline:**

- September 17, 2018 Annual Application Packet Available
- November 20, 2018 Annual Grant Applications due to ICTF
- January 22, 2019 Annual Grant Award Decisions
- May 1, 2019 New Annual Grantee Project Start Date
- April 30, 2020 Project Period Ends
- June 20, 2020 All funds paid out

M/S/C Ms. Pena / Ms Andrus

**Board Evaluation**
The board discussed the results from the self-assessment survey that the task force composed. The board liked the format, questions, and thought it was a good exercise to engage in annually with the benefit of data over multiple years. It was requested that Roger send out the results electronically to the board and that the committee analyze the results and put out recommendations for improvements that would increase the board functioning. The board agreed that if any board member was an outlier or had a strong issue with the board functioning, that they take that concern directly to the Executive Director.

**Grants over $5,000:**
Ms. George and Ms. Andrus presented their task force’s recommendation that the board move to change the policy that the Executive Director must seek board approval before accepting any grants over $5,000. The policy has been in place for a number of years. The board agreed that as long as the Executive Director had discussed potential projects with the board and the board had agreed to pursue those projects or initiatives, the Executive Director is empowered to seek funding for those projects. The change to the board policies and procedures is as follows:

---

**IDAHO CHILDREN’S TRUST FUND: POLICIES AND PROCEDURES**

**Grants to ICTF**

*General Policy.* The Board recognizes that grants are both necessary to fulfill the mission of ICTF and a contract imposing duties on ICTF. The following approval policy is required to adequately consider the impact of a grant on the work of ICTF.

*The Executive Director may:*
Solicit and accept grants in an amount not exceeding $5,000; and,

Approve grant summaries and reports for grants to ICTF in an amount not exceeding $5,000.

All new initiatives must be approved by the board of directors. The executive director is empowered to solicit and accept grants or donations to adequately fund those initiatives approved by the board.

(changes approved 7/31/2018)

Board moved to approve changes as delineated above.

M/S/C Ms. George / Ms. Stanley

State funded Home Visiting Program Proposal

As a result of an initiative from this year’s legislative session, the State of Idaho funded $1.6 million in one-time money to fund home visiting programs and ICTF is being considered as an administrator for the program. An administrator would pass on grant funds to health districts and various nonprofits and be a centralized entity to manage data or do billing. Home visiting is a core strategy for child abuse prevention and since ICTF are the experts in child abuse prevention in Idaho, it is logical that we be involved. After some discussion of the advantages and disadvantages of becoming the program administrator, the board agreed that ICTF should remain at the table with the Home Visiting Coalition. Any decision to act as administrator would need to be contingent on details of the proposal.

M/S/C Mr. Jurvelin / Ms. George

DAY 2: Wednesday, August 1

Call to order: Board member, Brenda Stanley, called the meeting to order at 8:37am on August 1, 2018 as the board chair had another commitment.

Guide vision and strategy
- How does the present policy environment invite us to be more involved with the child welfare system as more attention is being paid to prevention at the state and national levels?
- Is there a next strategic initiative on the horizon (maybe 3 years out)? What is it?
- Where should we be reaching out? New communities and populations?

Support Aligned Activities
• Is our strategy of coordinating initiatives strengthening overall alignment of our work?
• Are there strategies to reach the tipping point for Stewards faster?
• What could we/should we be doing to strengthen community-based organizations’ capacities to strengthen families to prevent child abuse and neglect?

**Establish Shared Measurement Practices**
• With the Idaho ACE data becoming available in 2019, what role should ICTF play in analysis and dissemination? How can we maximize the impact of the data?
• How soon can we analyze child sexual abuse reports and SOC prevalence data?
• Is there other data we should be collecting?

**Build Public Will**
• How should we go about deepening and spreading our Prevention Month Activities in all 44 counties?
• What role do you as a board want to play in that?

**Advance Policy**
• With a new administration (in Idaho), should we pursue more involvement in shaping public policy?
• Is there a different way to use our affiliation with PCAA to advance public policy?
• Are there issues we should be looking to be involved with?

**Mobilize Funding**
• What should we be raising money for? What are our priorities?

**Adjourn 10:30am**
